```r
renv::install("jmv")
```

```
## The following package(s) will be installed:
## - jmv [2.5.6]
## These packages will be installed into "~/programming/r/psyd/cgu/coursework/psych_308/308A/renv/libra
##
## # Installing packages --------------------------------------------------
## - Installing jmv ...                          OK [linked from cache]
## Successfully installed 1 package in 9.2 milliseconds.
```

```r
renv::install("psych")
```

```
## The following package(s) will be installed:
## - psych [2.4.6.26]
## These packages will be installed into "~/programming/r/psyd/cgu/coursework/psych_308/308A/renv/libra
##
## # Installing packages --------------------------------------------------
## - Installing psych ...                        OK [linked from cache]
## Successfully installed 1 package in 6.4 milliseconds.
```

```r
renv::install("ggplot2")
```

```
## The following package(s) will be installed:
## - ggplot2 [3.5.1]
## These packages will be installed into "~/programming/r/psyd/cgu/coursework/psych_308/308A/renv/libra
##
## # Installing packages --------------------------------------------------
## - Installing ggplot2 ...                      OK [linked from cache]
## Successfully installed 1 package in 7.2 milliseconds.
```

```r
renv::install("tidyverse")
```

```
## The following package(s) will be installed:
## - tidyverse [2.0.0]
## These packages will be installed into "~/programming/r/psyd/cgu/coursework/psych_308/308A/renv/libra
##
## # Installing packages --------------------------------------------------
## - Installing tidyverse ...                    OK [linked from cache]
## Successfully installed 1 package in 12 milliseconds.
```

```r
renv::install("car")
```

```
## The following package(s) will be installed:
## - car [3.1-2]
## These packages will be installed into "~/programming/r/psyd/cgu/coursework/psych_308/308A/renv/libra
```

```
##
## # Installing packages -----------------------------------------------------
## - Installing car ...                          OK [linked from cache]
## Successfully installed 1 package in 6.3 milliseconds.
```
